ference:- Establisnment - Public Health --
G.O. No. 5924 P. H., dated tne 17th December 1940 -
Council resolution Communicated.

I am to submit a copy of Council resolution No. 1/(1) dated tne 16th April 1941 requesting Government to continue tne existing motor cycle allowance of Rs. 10/- paid to Sanitary Inspector and to amend tne regulation so as to permit tne payment of a higher rate of allowance to Woman Medical Officers if tney maintain motor car - With regard to Sanitary Inspectors I have dealt with the matter in paragraph 2 in my letter No. B3/3695/41, dated the 9th April 1941 With regard to tne Woman Medical Officer tne present regulations as well as prior orders permit tne payment of a conveyance allowance of Rs. 15 per month to them. The Council requests that this rate may be enhanced wherever tney maintain motor cars. It is for consideration of Government whether Woman Medical officers should maintain motor cars at all. If tney have to then a nigher rate nas to be paid.

Another point was raised in tne council namely whether service put in by Sanitary Inspectors and others of tne Public Health Establishment in tneir scales prior to 1-1-1941 on wnich date tne present Public Health

Establisnment regulations come into force; could not be counted for purposes of increment in the scale now prescribed. I presume such service could be counted.

I request early orders.

Commissioner, M.M.

30 JUL 1941
29303

Sir,

Subject:- Establishment - Public Health - Mangalore Municipality - grant of motor-cycle allowance to Sanitary Inspectors and Car allowance to Woman Medical Officers.

In retransmitting herewith the papers received with the Government Endt. No. 16829-1-E1 dated 9-5-41, I have the honour to enclose for the information of Government a copy of letter No.1064-41 dated 14-7-41 of the Municipal Health Officer Mangalore, in reply to a reference issued from this office on the subject. In the circumstances stated by the Municipal Health Officer, I recommend that the grant of motor-cycle allowance of Rs.10/- each per mensem to the Sanitary Inspectors of Mangalore Municipality may be sanctioned even after 1-1-41.

2. As regards the grant of motor-car allowance to Women Medical Officers in charge of Maternity and Childwelfare schemes, I consider that in large towns like Coimbatore, Salem, Mangalore, Trichinopoly and Madura, the Woman Medical Officers has great distances to cover daily and the possession of a car by these officers will greatly facilitate their work in the discharge of their duties. I therefore recommend that in these big towns a motor-car allowance of Rs. 30/- per mensem may be granted to Women Medical Officers if they actually maintain Motor-cars.

3. In the last part of the letter of the Commissioner, Mangalore Municipality, forwarded with the Government endorsement under reference, the question has been raised as to whether service in the scales of pay prior to 1-1-41 would count for increments in the scales sanctioned under the Public Health Establishment Regulations. The attention of the Commissioner may be invited to para 3 of G.O.No.3526-P.H., dated 3-8-40.

I have the honour to be,
Sir,
Your most obedient servant,

Lieut.-Col., I.M.S.,
Director of Public Health, Madras.

Copy of letter R.O.C.No.1064/41 dated 14-7-41 received from the Municipal Health Officer, Mangalore.

The motor cycle allowance of Rs.10/- was granted to the Sanitary Inspectors of this Municipality on the strength of G.O. No. 3574 P.H., dated 8-10-1938. The condition existing in 1938, exist today also. The number of Sanitary Inspectors then and now is the same. Their individual jurisdiction today is the same as it was in September 1938. The town has the same steep gradients in their roads and I understand there is a proposal to extend the area under the municipal control. So if the necessity for maintaining motor cycles was there in 1938, it still is there in 1941.

2. As the number of Sanitary Inspectors, the

the jurisdiction and the nature of the country are all the same, and having regard to this, the Council have also passed a resolution as late as 16-4-1941 requesting the Government to grant an allowance of Rs.10/-.

3. But the Commissioner thinks as per his letter B.3. 3695/41 dated 9-4-1941 that G.O.No.5924-P.H., dated 17-12-1940 fixes a cycle allowance of Rs.3/- and this supersedes the old G.O. allowing Rs.10/-.

4. I would recommend the continuance of the same. If I may be permitted to suggest I would request the Director of Public Health to address the Government to say that the Establishment G.O. does not over-rule the special G.O. which was passed in view of special conditions prevailing in this Municipality.

Extract from the proceedings of the Mangalore Municipal Council, dated the 16th April, 1941.

1(1) Read G.O.No.5924 P.H., dated 17-12-40 issuing regulations under Section 8(2) of the Madras Public Health Act, 1939, regarding Public Health Establishment. (N)

The following resolution was moved by Dr.U.P.Mallya and seconded by Dr.K.Vittal Shetty.

That in view of the extensive area of Mangalore Municipality and having regard to the undulating roads with steep gradients all over the council recommends to Government that the existing motor cycle allowance of Rs.10/- per month each to the Sanitary Inspectors as sanctioned in G.O.No.Ms. 3574 P.H., dated the 8th October 1938, be continued.

The Council further recommends to Government that the existing rule be amended in order to pay a higher rate of allowance to Municipal Woman Medical Officer in case a Car is maintained by her.

Carried unanimously.

Sd.- L.C.Pais,
Municipal Office, Vice-Chairman, Municipal Council.
Dated 18-4-41.

Ks.28.7.41. 28/7

Extract of para 2 of letter No. B3 3695/41 dt 9.4.41 from the Commissioner, Mangalore Municipality.

2. The Public Health Establishment Regulations in G.O No 5724 P.H dt 17.12.40 fix the Conveyance allowance payable to Sanitary Inspectors at Rs 3 per month and this should supersede all prior orders issued under the Madras District Municipalities Act - In this Municipality as per special sanction accorded by Govt in G.O No 3574 P.H Dated 8.10.38 the Sanitary Inspectors who maintain motor cycles are paid an allowance of Rs 10 per month. In my view this G.O is now in operative in view of the establishment regulations framed under the Public Health Act. Further in my view it is unnecessary for Sanitary Inspectors to maintain motor cycles as Quick motor is inconsistent with effective supervision over menials and as the jurisdiction of each Inspector is a compact one.
